Enjoy the changing light and sound of the sea on one side and the spotted gum forest on the other from Sea Sounds - an individually designed home of space and style and with loads of natural light from the many large windows. Set in private, low-maintenance grounds, attractive features include the split-level design, parquetry timber floors to living area, soaring ceilings and clever use of mezzanine levels providing extra space for reading, sleeping or working. Extensive main bedroom suite opens to private balcony overlooking the ocean and includes spa bathroom and study/reading area. Easy walk to the beach and river and not far from shops. A magnificent coastal home for a couple with plenty of room for guests and family. Excellent value in this price range.
