In as new condition, this 6 year old property combines contemporary style with compact, eco-friendly design and build.

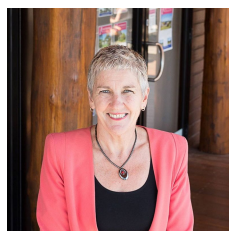

The due north aspect provides sun and light and strategic-placed native vegetation provides absolute privacy in this reverse brick veneer construction home.

This together with fully insulated walls and ceilings create a high thermal mass for year round temperature control augmented with slow combustion heater and cooling air-flow through windows and doors.

The main living rooms open to a sunny and private outdoor alfresco terrace on the north and eastern sides - ideal for year round use. For those who like to cook, the kitchen makes it easy with the premium live cooker (gas cooktop
